

Atlanta Movie Tours Brings Hollywood South To Visitors
Trace the footsteps of your favorite characters

For Immediate Release

Atlanta, Georgia (February 12, 2012) Carrie Sagel Burns and Patti Davis are delighted to announce the premiere of [Atlanta Movie Tours](#). AMT will be the first of its kind in Atlanta, as guests board luxury coaches to tour iconic movie & television locations in and around the Atlanta area.

"As movie & television fans ourselves, we are thrilled that so many productions have fallen in love with our beautiful city and state. To be able to share Atlanta with visitors through Atlanta Movie Tours is icing on the cake," says Davis.

Guests of AMT will board luxury coaches provided by Hennessy Transportation, and be whisked into the world of entertainment. All tour guides are actors, crew or extras that have worked on productions here in Georgia. Guides will regale guests with commentary of never before heard behind-the-scenes stories, Q&A, and fun trivia contests with prizes during each tour.

AMT will launch Spring 2012, with location tours of *The Walking Dead*; AMC's immensely popular show about survivors living in the aftermath of a zombie apocalypse, all filmed in and around Atlanta. Tony Gowell, the only member of the undead in both TWD seasons, joins AMT as Talent Consultant and Tour Guide. Tony's dedication to *The Walking Dead* and his involvement in many other productions in town, including Dragon*Con, position him as the perfect choice to bring movies & television shows to life for Atlanta's visitors, and entertainment buffs in general.

Atlanta Movie Tours plans to expand its line-up to include the following future tours:

Atlanta Movie Locations
Sports Movie Locations
The Monster Movie & Television Tour

We look forward to welcoming you aboard!
